# Inside Story

**SMARTLINE TECH. CONT. L.L.C. established in the year 1994 in the emirate of Sharjah U.A.E.**

SMARTLINE LLC can boast of a Plethora of talent in virtually all fields related to M.E.P., Interior Designing & Turn key Projects. We Pride ourselves in the rapid strides we have made, completing a number of prestigious projects well within project completion periods, to levels of quality that are second to none in this field. Our projects are land marks by themselves, and we have received commendations on many occasions for our fine quality of works.

We deliver turnkey designs to build solutions and offers value engineering leadership through its multifaceted talent pool. The group also offers exceptional value in terms of procurement as a result of its buying power and quick response to the needs of our customers.

We have the capability in designing and executing various challenging and sophisticated construction projects. We have one of the best Design Support Divisions, which will enable us to excel. Our key areas are Central Kitchens – turnkey projects, Civil and MEP Infrastructure, Building projects, Irrigation System Layout, Hard Landscaping, Soft landscaping, Interior Designing, Exterior Designing, Steel Structures and Interior fit outs.

SMARTLINE specialization ranges from creating inspirational commercial interior design to professional project management and contracting. Our company is totally committed to providing ongoing dedicated services to both our existing client and new business partners alike. In this relatively short span of time, we quickly and successfully climbed to new heights of excellence, building an impressive portfolio of achievements for prestigious clients and projects

SMARTLINE LLC offers a full turnkey interior solution fulfilling the need for project management, engineering, procurement and fit out all under one contractor to the highest standards of workmanship.

Since 1994, SMARTLINE LLC has offered complete high quality turnkey solutions within the construction industry. With a large reliable workforce, SMARTLINE LLC has the capacity to execute a broad spectrum of construction projects. The key services SMARTLINE LLC provide to clients include turnkey interior fit out solutions, providing fine marble, quality carpets and flooring as well as supplying best in class tiling, glazing, joinery, painting, metal work, lighting and FF&E. MEP, ceilings & partitioning, pre cast & reinforcing as well as engineering, procurement management, site supervision and project management are also offered in our turnkey package.

The company is committed to manufacturing and supplying unique, cost effective and quality contract Furniture, Kitchens, Cabinetry, Doors and Wardrobes etc.

The growth of the company is attributed to ongoing commitment to innovative designs, quality, value and customer satisfaction. This has been achieved through our highly skilled in-house Design & Development Team and skilled craftsmen who ensure that each concept is turned into a reality that meets the demands of the market.

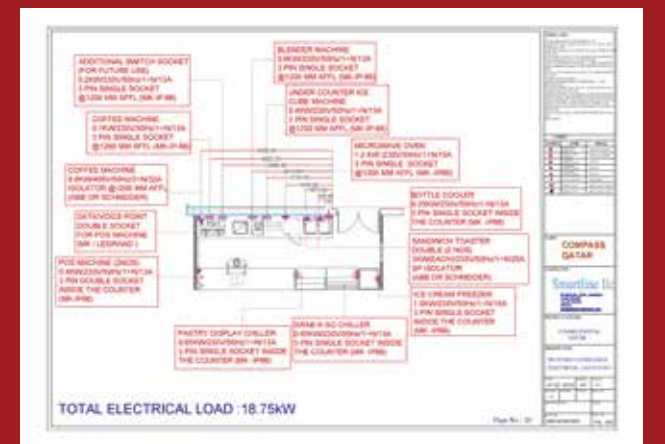

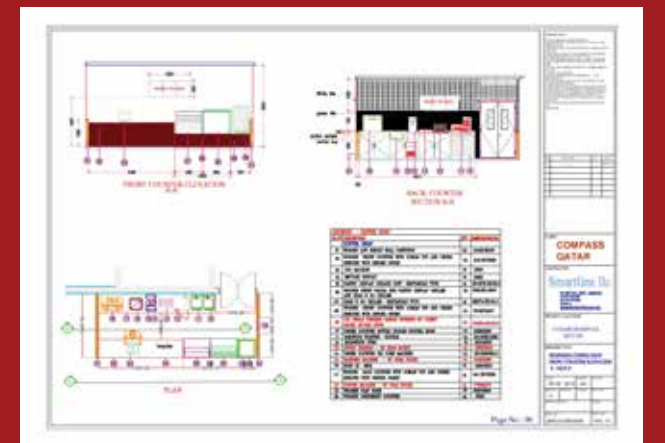

A carefully handpicked team of leaders with international experience comprises the team of project managers at SMARTLINE LLC. These individuals consistently push the boundaries of quality to create unsurpassed, unique environments.

Backed up by the design team, the factory facilities and a strong management team, SMARTLINE LLC has been the primary candidate to execute work for all kinds of various projects. Due to the above facilities being under one roof in one company, SMARTLINE LLC has the ability to offer its Clients comprehensive turnkey services and solutions for high volume, quality driven Projects.
